DINNER AND WINE PAIRING WITH TWO VINEYARDS!

## Fun Fact

From President Nixon's Toast to Peace with China in 1972 to President Obama's State Dinner for German Chancellor Angela Merkel in 2011, every presidential administration has served Schramsberg sparkling wines during official functions. Schramsberg ferments 25 percent of its juice in oak barrels to produce rich, flavorful, complex wines.

## SCHRAMSBERG + DAVIES

In 1965, Jack and Jamie Davies began reviving Schramsberg Vineyards and the estate's dormant winery. They challenged conventional ideas and relied on innovation to create what are arguably the finest sparkling wines in California. Today, the Davies produce nine sparkling wine cuvées, three of them reserve wines. Remarkably, for 45 years the Davies have scarcely disturbed the surrounding woodland estate, and have kept most of their original crew while growing production to an estimated 60,000 cases. In recent years, Schramsberg's sparkling wines have garnered top wine media honors and their highest ever consumer demand.
